

# Webstar: Day 1 Assignments

- 1) Display these 2 patterns on an HTML Page using JavaScript DOM

```
*  
* *  
* * *  
* * * *  
* * * * *  
* * * * * *
```

```
      *  
    * *  
  * * *  
* * * *  
* * * * *  
* * * * * *
```

- 2) Make an image gallery, store the images in a JavaScript object, display dynamically using DOM, and make it responsive for mobile devices.
- 3) Make an HTML form, ask the user for their name, email, gender (radio), and check the box for accepting terms and conditions. Then validate it using JavaScript, and on submit, print the given data in a clean manner in the console.
